- ☒ Please check if any of the above information has changed since previous year.

II. Mining and Reclamation

1. Was the mine active during the past year? Yes ☒ No ☐
2. If active, how much ore or mineral was mined? 93,000 Tons

3. How much additional acreage was disturbed during the past year? 2 Acres
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.
The Quarry property had been previously disturbed by prior owners.
Operation in the past year, Which included limited blasting,
earthmoving and excavation resulted in the movement of
approximately 93,000 tons of material.
5. How much acreage was reclaimed during the past year? none
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.
none

7. What is the total disturbed acreage at years end? Approximately 5 acres
8. Briefly summarize any mining and/or reclamation plans for the upcoming year.
Operator inteneds to expand operations this year to extract
and process a larger tonnage of Sand, Gravel, and Aggregate
and will continue to develop its facilities at the property.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.
